IAPMO Extends Deadline for Technical Committee Member Applicants

Ontario, Calif. (June 4, 2013) — The International Association of Plumbing and Mechanical Officials (IAPMO®) has extended the deadline for volunteers wishing to participate on two technical committees working toward the development of the 2015 editions of the *Uniform Swimming Pool, Spa and Hot Tub Code (USPSHTC)* and *Uniform Solar Energy and Hydronics Code (USEHC)*. The deadline to submit an application has been extended to June 25.

The *USPSHTC* Technical Committee and *USEHC* Technical Committee each seek members in the following categories: Manufacturer, User, Installer/Maintainer, Labor, Research/Standards/Testing Laboratory, Enforcing Authority, Consumer, and Special Expert. These committees are assembled in accordance with the Regulations Governing Consensus Development of the *USPSHTC* and *USEHC* and the Guide for the Conduct of Participants in the IAPMO Codes and Standards Development Process. These documents may be viewed at IAPMO's Code Development Web page: <http://www.iapmo.org/Pages/CodeDevelopmentProcess-USEC-USPSHTC.aspx>. Within them, prospective technical committee participants can find information on the scope and general guidelines for conduct of these committees.

IAPMO first adopted the *USEHC* and *USPSHTC* in September 1976. The provisions of these codes apply to the erection, installation, alteration, repair, relocation, replacement, addition to or maintenance of any solar energy, hydronic heating/cooling, swimming pool, spa or hot tub system. The 2009 and 2012 editions of these codes were produced using a consensus process similar to the one used to develop the *Uniform Plumbing Code*® and *Uniform Mechanical Code*®, which are designated as American National Standards.

Anyone interested in serving on one of these committees can complete the application online at the Code Development Web page: http://forms.iapmo.org/iapmo/committee/app_tech_committee_ps.asp

For specific information about the *Uniform Swimming Pool, Spa and Hot Tub Code* Technical Committee, please contact Matt Sigler at (909) 230-5535 or e-mail your question to matt.sigler@iapmo.org. For the *Uniform Solar Energy and Hydronics Code* Technical Committee, contact Hugo Aguilar at (909) 472-4111 or e-mail your question to hugo.aguilar@iapmo.org.
