

Errata for 2027 Uniform Mechanical Code Illustrated Training Manual – 1st Printing

The following are changes that we found after the first printing of the *2027 Uniform Mechanical Code Illustrated Training Manual*. These changes may apply to your code book. Thank you.

APPENDIX E

Page 469

Section E 503.1.3.6

Appendix E was not referenced in the figure title in the commentary.

In the commentary text, change “ See Figure 503.1.3.6” to “ See Figure E 503.1.3.6.”

APPENDIX M

Page 609

Section M 101.1 Applicability

The table references were inadvertently left out of the 2027 UMC ITM. The following text should be updated to include the two table number references. Editorially, change “(~~See...~~)” to “(see...).”

Change the commentary text to read as follows:

 Hydrogen’s behavior as a fuel gas differs significantly from methane, requiring purpose built piping systems, pressure control, and detection systems to maintain equivalent safety levels. This appendix serves as a transitional framework for jurisdictions and industry to design, size ~~(See Table M)~~ (see Tables M 113.1(1) and M 113.1(2)), install, and inspect hydrogen piping systems safely while supporting the growth of a hydrogen economy.
