

Errata for 2024 National Standard Plumbing Code – 1st Printing

The following is a change that we found after the first printing of the *2024 National Standard Plumbing Code*. We do encourage you to make a note in your code book to ensure that the change is reflected. Thank you.

TABLE 10.19: Sizing of Residential Water Softeners

Correct the number of bathroom groups served to the following:

| Required Size of Softener Connection (in.) | Number of Bathroom Groups Served ¹ |
|--|---|
| 3/4 | Up to 22 2 ² |
| 1 | Up to 43 4 ³ |
