Re: IAPMO Standards Council Decision  
TIA UPC-003-12  
**Decision Date: January 23, 2015\*\***  
*Uniform Plumbing Code – Section 408.6*

Dear Mr. Ribbs:

I am transmitting to you herewith the following decision of the Standards Council.

At its teleconference meeting on January 22, 2015, the Standards Council considered your request for the issuance of proposed TIA UPC-003-12 in the 2012 edition of the *Uniform Plumbing Code*. The proposed Tentative Interim Amendment requested new language to Section 408.6 “Shower Compartments” as follows:

**408.6 Shower Compartments.** *Shower compartments, regardless of shape, shall have a minimum finished interior of 1024 square inches (0.6606 m<sup>2</sup>) and shall also be capable of encompassing a 30 inch (762 mm) circle. The minimum required area and dimensions shall be measured at a height equal to the top of the threshold and at a point tangent to its centerline. The area and dimensions shall be maintained to a point of not less than 70 inches (1778 mm) above the shower drain outlet with no protrusions other than the fixture valve or valves, shower head, soap dishes, shelves, and safety grab bars, or rails. Fold-down seats in accessible shower stalls shall be permitted to protrude into the 30 inch (762 mm) circle.*

**Exceptions:**

- (1) *Showers that are designed to be in accordance with ICC A117.1.*
- (2) *The minimum required area and dimension shall not apply for a shower receptor having overall dimensions of not less than 30 inches (762 mm) in width and 60 inches (1524 mm) in length.*
- (3) *The minimum required area and dimensions shall not apply for the replacement of an existing shower. The replacement of an existing shower shall have overall dimensions equal to or greater than the original shower being replaced and shall have a minimum finished interior of 900 square inches (0.5806 m<sup>2</sup>).*

The proposed TIA was balloted through the Plumbing Technical Committee in accordance with the *Regulations Governing Committee Projects* to determine if there existed the necessary three-fourths majority support on technical merit and emergency nature to establish the recommendation for issuance. The ballot fell short on both accounts.

Although the Council may overturn the Technical Committee's recommendation if clear and substantial reasons exist to do so, it finds no such reasons in this case. For the reasons aforesaid, the Council denies issuance of proposed TIA UPC-003-12.

Sincerely,

Gabriella Davis  
Secretary, Standards Council

(c) The Board of Directors can amend these regulations from time to time and waive or supplement, in whole or in part, at any time or times at its discretion.

**Section 3 The Scope of Review.** The petitioner shall generally confine the argument in the petition to matters that were presented below and shall not raise any new matters that could have but were not presented within the standards development process. A petition to the Board of Directors shall not be regarded as simply another opportunity to reargue a position that was rejected by the Standards Council. ## **Section 7 Consideration of the Petition.**

**Section 8 Requests for Hearings.** If the petitioner requests a hearing on the petition and that hearing is granted, the petitioner shall be assessed a filing fee of \$2,500 to be posted following the granting of the request. This fee may be reduced or waived by the Chief Executive Officer upon application of the petitioner if good cause for reducing or waiving the fee is presented. If a hearing is granted, the Procedures for Hearings shall be followed.
