

ASSE International

15000 / 27000 Fire Protection Technical Committee Meeting Agenda

Friday, October 30, 2026

9:00am – 9:30am MDT

Colorado Springs, CO

Purpose of this committee:

Technical Committees are advisory committees that provide technical guidance to the various ASSE professional certification programs. Each committee is made up of subject matter experts from the industries served by that certification program. They review and approve the program guidelines, exam questions, practical exams and equivalent certifications. They may also include subcommittees to review and approve applications for training providers, instructors and proctors.

Committee Members: Jeffrey Van Rhyn, Jr., Marco Antonacci, Kevin Convy, Alan Crawford, Joseph Franks, Jr., Chris Fulkerson, Ronald George, Kevin Hall, John Holmes, Michael MacDonnell, Mike Masterson, Andrew Merino, Derek Miles, Stephen Miller, Michael Moss, Brian Preski, Phil Roach, Matt Rouleau, Steven Steele, Jason Thompson.
